Present land in Mallawarawa for the Society for the promotion of Hindus to annex.

File No 65 of 193 8 General and Revenue Secretariat

and whether it is a Society registered under the Societies registration Act of 1909 & whether it is capable of holding immovable property. It is not also known what the ways & means of the said institution are for Constructing the building on the site selected. It is perhaps necessary to ascertain these details before the proposal could be sanctioned.

6 It may also be respectfully pointed out that there has been of late a large no. of over free grant of lands in the Dist by the Mlty and whether it would not be advisable to restrict such grants in view of the financial condition of the Mlty which may be eased to some extent by the realization of sale of such lands is also a matter for consideration

7 The present recommendation is however for a humanitarian object & sanction is sought for the free grant of 2750 sq yds of land estimated to cost Rs 5000 under Rule 19 (1) of the City Mlty Act for definite purpose specified by the Mlty within three years from the date of the grant failing which the land granted shall revert to the Mlty without any compensation whatsoever.

8) It is submitted that in the first instance it may do well to know the attitude of the Society (have 5 of the notes) before the question of granting the site free of cost is considered

The A C states that a major harbour of the Lake Nathpool to be given a wider than the road level and that of would entail extra considerable expenditure to level it up for the harbour purposes

SIR,

Subject - Regarding grant of land to Society for promotion of kindness to animals, in Venkataranga Iyengar -- road, near Post Office, Malleswaram

—

I have the honour to state that the Honorary Secretary, Society for promotion of kindness to animals applied for the - grant of a plot of land on Venkataranga Iyengar Road, Malleswaram, free of cost, for the purpose of opening an Infirmary This - subject was considered by the City Improvement Committee at their meeting held on 21st September 1938 and they resolved that a plot of land, suitable in size, be granted subject to the following - conditions -

1 That a building should be put up as per design and plan to be approved by the Municipality in consultation with Mr Krumbiegal

2 That the site so granted with the buildings thereon, if any will be resumed, without any claim for compensation, if the premises be not used for the purpose for which it is granted The plot has been measured out and it has been found to be 2,750 sq yds in extent

The resolution of the City Improvement Committee was approved by the Municipal Council, at their meeting held on 8th October 1938

Copies of the resolution of the City Improvement Committee and Municipal Council, together with a plan are enclosed for information I request that sanction of the Government may be kindly obtained to

P T O

the resolution of the Council.

I have the honour to be,

Sir,

Your most obedient servant,

Forwarded with compliments,

# The Mysore State Society for the Promotion of Kindness to Animals

## Report for the year ending 31st December 1937

The Headquarters Branch of the Society for the Promotion of Kindness to Animals in the State of Mysore was formed at a combined meeting of the Bangalore and Mysore Societies held at Bangalore on the 27th February 1937 when the following office bearers were appointed —

**Chairman**

Sir Charles Todhunter KCSI CI

**Honorary Secretary and Treasurer**

Rao Saheb Mr M Ramaswamy

**Members of the Committee**

Mr T B Boraiah
Rajadharmaprasakta Mr A S R Chari
Mrs M Gilbert
Mr C V Govinda Rao
P Hanumanthappa
K Krishna Iyengar
Major Nabi Khan
Mr M S Ramachandra Rao
Chief Justice Sir H D C Reilly
The Rev G W Sawday

His Highness the Yuvaraja of Mysore was graciously pleased to accede to the request of the Committee to be the President of the Society

The aims and objects of the State Society are as follows —

(i) To frame general rules and lay down the policies to be followed by all societies in the State which have the promotion of kindness to animals as their object

(ii) To undertake the formation of branches in the State

(iii) To move in the matter of legislation connected with the treatment of animals

(iv) To distribute among the branches funds of a common character

(v) To carry on correspondence with similar societies outside the State

(vi) To co-ordinate the work of other organizations such as Gowsalas and Gorakshana Sabhas in the State which have as their object the promotion of kindness to animals

The only branches which are actually in existence at present are those at Bangalore and Mysore copies of whose reports are attached It is hoped that in course of time branches will be established in some if not all, district headquarter towns Negotiations have been opened up in several places but so far no branches have actually been formed The principal of the cognate societies working in the State are the Pinjrapoles at Chitaldrug and at Davangere in the same district The Society hope that these bodies may be utilised to form the nucleus of a local branch in due course

Two meetings of the Committee were held on the 27th February and 31st August 1937 at Bangalore for the consideration principally of the question of the formation of branches in the State and of the amendment of the law relating to the prevention of cruelty to animals For the consideration of the latter question a Special Committee was appointed consisting of Rajadharmaprasakta Mr A S R Chari Mr M S Ramachandra Rao

and Mr U K Somappa The proposals of the Committee have not yet been received

Two benefit performances were given in aid of the Society one by the Sri Chandrakala Nataka Mandali of Mysore and the other by the Sagar Talkies Bangalore, and the proceeds were made over to the Society They were distributed between the branches as follows —

Total proceeds—Rs 1 221-2-0
To the Bangalore Branch—Rs 814-1-4
To the Mysore Branch—Rs 407-0-8

In accordance with the rules the funds of the State Society are to be derived from an initial grant of Rs 100 each from the Bangalore and Mysore Branch Societies and a contribution of three per cent of the realizations of all the branches from annual and life membership subscriptions

A statement of accounts is attached

## THE MYSORE STATE SOCIETY FOR THE PROMOTION OF KINDNESS TO ANIMALS, MYSORE.

# Report of the Bangalore Branch of the Mysore Society for the Promotion of Kindness to Animals, Bangalore, for 1936-37

## Objects of the Branch.

The prevention of cruel and improper treatment of animals and the amelioration of their condition

The means employed to obtain this end are—

1 The agency of paid Inspectors whose duty it is to watch warn threaten or prosecute all persons found guilty of cruelty to animals

2 To invite information and suggestions from all who are interested in the cause of kindness to animals and to secure the welfare of the lumb creation

3 To prosecute when necessary all persons found guilty of acts of cruelty both sporadic and regular such as underfeeding and overloading and to make arrangements to keep a systematic check over the same

4 To provide free treatmen of sick and lame animals of indigent owners

5 To educate children the public generally and the animal owning public in particular as to the morality and practical value of treating animals with kindness

6 To invite suggestions for the improvement of the treatment and conditions of labouring and domestic animals

## Staff

Mr I R Sethupathi G M V C was appointed as Veterinary Surgeon and Inspector of the Society on an honorarium of Rs 30 per month and a Sub Inspector on

Rs 12 (since increased to Rs 15) and a peon on Rs 12 have been appointed Owing to paucity of funds it has not been found possible to increase the number of Inspectors and Assistant Inspectors though it is felt that for a large area like Bangalore more Inspectors and Assistant Inspectors are needed

### Office

At present the Society has no habitation of its own and its office is located at Tamworth Lal Bagh Road The Inspector has been allowed for the time being a room in the Ooparpet outpost and has provided it with his own furniture The Society will feel thankful if any of it friends would generously come forward and give it a few pieces of furniture

### Finance

The Society depend for its maintenance mainly on voluntary contributions from life and annual members At present there are only 29 members including life members It is a matter for regret that in a large city like Bangalore more person have not come forward to become members of the Society whose aim is not only to prevent as far as possible cases of cruelty to animals but also by direct and indirect propaganda to inculcate ideas of kindness to animals among the masses It is hoped that members of the public will come forward in large numbers to help the Society by becoming members and by contributing to the fund of the Society It is also hoped that the Committee members of the Society and every member will induce as many of their friends as possible to enrol themselves as members

Two statements of receipt and disbursements of the Society for the periods July 1936 to August 1937 and September 1937 to March 1938 are printed as Appendix A

The Society records its grateful thanks to Dr Patel for giving a benefit performance at the Sagar Talkies and also thanks the ladies and gentlemen who helped in selling tickets and in making the performance a success

The accounts of the Society have been audited by Mr B K Srinivasa Iyengar to whom our thanks are due for his selfless labour The Government in their Order No P 4255-8 C 5 129-36-2 dated 6th January 1937 have kindly directed that half of the amount of fines recovered from offenders under the Prevention of Cruelty to Animals Regulation may be handed over to the Society

**Prosecution**

The total number of cases prosecuted by the end of March 1938 was 2 097 Particulars for the year under report are given in Appendix B The principal types of cruelty dealt with were driving weak wounded old, diseased or lame animals in carriages overloading and carrying or tying birds or animals in such a manner or position as to subject them to unnecessary suffering.

Using needle pointed stick or wires to beat the animals is very much practised in the case of single bullock or double bullocks and jutka ponies Some of the animals are in a terrible state In order to evade the Society Inspectors they are generally used in the evenings or at night

**Other Activities**

Eighty two cases of disability and disease among animals were treated between January and December 1937 by the Branch Many cases could not be treated for want of sufficient staff The Inspector and Veterinary Surgeon of the Branch have been issuing certificates regarding disability and unfitness of conveyance animals to the Police officers before the cases of cruelty are prosecuted

Ever since the Society was organized propaganda work to inculcate kindness to animals was carried on by the Society's Inspector who has also been warning cart drivers and others not to overload or use unfit animals nor cruelly beat them In the months of November and December 1936 particular attention was paid to overloading in the vicinity of New Tharagupet Kengeri Gate and other places where bullock traffic is heavy In January 1937 an attempt was made to form an association of Jutka drivers in Bangalore City on co operative lines but owing to several reasons and vested interest coming in the way this attempt has not been successful Several jutka stands were inspected with special reference to the condition of animals used in jutkas and free treatment to animals was given by the Inspector

As the staff of the Society have not been vested with Police powers they have been able only to report cases of cruelty to the Police who have to prosecute the offenders It is hoped that steps will be taken to invest the Officers of the Society with powers of a Police Officer in so far as cases of cruelty to animals are concerned

### Overloading

It is to be regretted that the maximum loads permitted by the Bangalore City Municipal Council are higher than in the Civil and Military Station Bangalore

### Water Troughs

Free water troughs were purchased by the Society and one was presented by Mr S K Narasimhiah Merchant New Tharagupet and these have been placed at the following places where they were badly needed —

1 Near Majestic Theatre Jutka Stand
2 Malleswaram Market
3 Kalaspalayam Jutka Stand
4 Visveswarapuram Jutka Stand

The Society s peon attends to these troughs daily and fills them with water

### Animal Week.

An animal week in collaboration with the S P C A Civil and Military Station Bangalore was held during the last week of July 1937 Although financially not a success the animal week was useful by way of propaganda for inculcating kindness to animals among the Bangalore public Lantern lectures were delivered at several boys and girls schools in Bangalore City by Rao Sahib M C Rangaswami Iyengar of the Madras S P C A An essay competition was held among the boys and girls of several schools in Bangalore about 420 essays being submitted by the competitors The Society tenders its grateful thanks to all the ladies and gentlemen who contributed to the success of the Animal Week and specially to His Highness the Maharaja of Mysore for graciously giving a donation for this worthy object

### Appeal to the Municipal Council

An appeal made individually to the Councillors of the Bangalore City Municipality on several matters of interest to the Society is pending consideration The appeal included among other things the licensing of animals in Bangalore City used for draught and other purposes by a qualified veterinary surgeon reduction of maximum loads on bullock carts to the standard prescribed in the Civil and Military Station permission to the members and staff of the S P K A to visit cattle-pounds dog pounds etc in order to bring to the notice of the Municipal authorities the defects if any the numbering of animals for easy recognition the provision of shelters etc for animals used in conveyances and lastly a request for an annual grant of Rs 500 by the City Municipal Council to the Society It is hoped that

these matters will receive the early attention of the Bangalore City Municipal Council and that favourable orders will be passed

Mr Kotha Ramakshamya Chetty has come forward generously to build a shelter for animals at his own cost at Malleswaram As the Municipal Council which was approached in March 1937 has not yet granted permission it has not been possible to put up the shelter Mrs V Abhyappa has promised to put up a water trough at her own cost at Malleswaram The City Municipal Council has been approached for the necessary permission

### Our Needs

A pinjrapole to afford shelter for debilitated and worn out animals is urgently needed It is hoped that the Committee will take up this matter during the ensuing year As already indicated in the appeal to the Municipal Council there is urgent need for shelters for animals and water troughs at certain important congested localities

It is necessary that disabled and wounded animals which are involved in cruelty case be sent to the Veterinary Hospital for treatment the cost being recovered from the owner or the offender

It is necessary to make provision for giving food and shelter to the animal involved in prosecutions for cruelty from the time the cases are booked until they end in conviction or acquittal

### Conclusion

In conclusion the Society wishes to record its appreciation of the help given by the Bangalore City Police in the prosecution of all cases of cruelty to animal

# The Annual Report of the Mysore Branch of the Society for the Promotion of Kindness to Animals, for 1937

## Membership

There were added in the course of the year under report four life members in the persons of Messrs R N Boyce T Narayarappa R Vasudevaraju and M Veera bhadra Mudaliar who had given most generous donations towards schemes for promoting the interest of animals at the Veterinary Hospital at Mysore The total number of members at the close of the year was 30 life members 30 A class members and 91 B class members

## Prosecutions for Cruelty to Animals

The Committee are very glad to put on record their appreciation of the continued activity shown by the Police in the matter of prosecutions for cruelty to animals The total number of cases prosecuted was however only 242 in 1937 against 340 in 1936 and the total amount collected in the shape of fines was Rs 375 as against Rs 444 in 1936 The principal types of cruelty dealt with were much the same as in the previous year One of the most prevalent types is that of driving bullocks which are suffering from sore galls or tumours An enquiry made in the course of the year showed that it might take as much as three months to heal some of deep seated tumours occurring in this connection The loss of the use of his bullock for this period is a great hardship on the poorer owner A further enquiry is being instituted as to whether there is any special reason connected with the making of the yokes the

harnessing of the bullocks or the balance of the carts which is responsible for the widespread prevalence of yoke gall tumours in the City of Mysore

Another new feature of this part of the work during the year was that one of the Courts under the powers given under the Prevention of Cruelty to Animals Regulation sent two ponies for treatment at the Pinjrapole at the expense of the owners This is a matter to which the Committee have called the attention of the Courts year after year and it is to be hoped that they will give effect in an increasing measure to the provision under which the premises of the Society have been declared to be an infirmary and will order animals that have been ill treated to be sent for a period of rest and treatment at the Pinjrapole at the expense of the owners The result of the examination of the provisions of the law on the subject with a view to strengthening them which has been undertaken by a Sub Committee of the Parent Society is anxiously awaited

### Events of the Year

The Society's work has been greatly aided and encouraged by the activities in the direction of promotion of kindness to animals which have been undertaken during the year by the Municipal Council In the first place the lethal chamber which has been under discussion for several years past has at last become an accomplished fact It is true that the lethal chamber established at the Veterinary Hospital is not at the time of writing in use but the principle has been accepted and it is understood that as soon as some changes that have been found necessary in regard to the location of the building have been carried out the chamber will be put into operation In the next place the new Veterinary Hospital at Mysore which a few years ago lagged behind those in several district headquarters received a remarkable development as the result of the activity of the

President Mysore City Municipal Council, aided by several benevolent donors particularly the gentlemen mentioned below who have given the amounts shown against their names —

| | Rs |
|---|---|
| Mr R N Boyce | 3 000 |
| R Vasudevaraju | 1 000 |
| M. Veerabhadra Mudaliar | 700 |
| T Narayanappa | 525 |

With the aid of the donation given by Mr R N Boyce an in patient ward for eight animals has been erected towards the cost of which the Society have contributed Rs 587 Out of the donation given by Mr Vasudevaraju a waiting room to hold six animals was erected and opened in the course of the year and a calving shed was built out of the donation given by Mr Veerabhadra Mudaliar A new trams or dressing shed has been constructed out of the donation given by Mr T Narayanappa In addition an ornamental foun tain has been given to the hospital by Sri Ganjam Giriamma It is hoped that a set of dog wards and a dog surgery will soon be ready With these additions the hospital will challenge comparison with any in the State

Another beneficent measure introduced by the municipality is to purchase from the slaughter houses cows that are still capable of giving milk keep them at the Sewage Farm have them covered and sell them again when they come into profit Dry cows belonging to private owners are also taken in at the Sewage Farm on payment of a small fee It is understood that there have been no less than 75 applications on this basis already These measures relieve the Society of any need for taking action on similar lines and leave them free to devote their attention to the case of old maimed injured and decrepit animals

Another remarkable municipal activity relates to the establishment of Gowshalas that is to say buildings

constructed on up to date lines providing suitable accommodation for cattle and cattle owners on the outskirts of the city This scheme ensures much better treatment of the cattle and at the same time guarantees a better milk supply and removes a source of insanitation from the City

**Pinjrapole.**

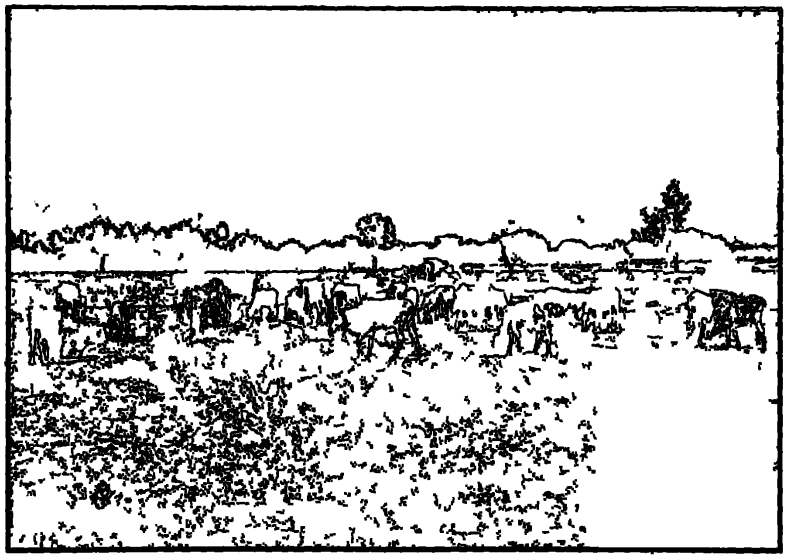
To turn to the activities of the Society it may perhaps be appropriate as the year under review is the tenth year since the Silver Jubilee of His Highness the Maharaja when the Society embarked on a new career of activity to take stock of the progress made Ten years ago His Highness the Maharaja the Patron of the Society in his Address to the People of Mysore, used following language —

> I pray that a spirit of brotherhood may extend itself to the dumb creation and that we may see animals and especially those we hold sacred treated with ever increasing consideration for the feelings which they cannot express

In the same year His Highness the Yuvaraja the President of the Society inauguiated a movement of expanding the premises of the Pinjrapole by planting the first of a group of 25 trees to commemorate the auspicious event

In the ten years that have since passed the tope has been increased from 25 to 35 trees the buildings available for the animals and for the servants of the Society have been increased fivefold a large area of grazing land has been graciously placed by His Highness the Maharaja at the disposal of the animals an extensive paddock has been enclosed with barbed wire for the growing of fodder crops for the weak and sick animals the income of the Society has increased from a little over Rs 1 800 to just under Rs 3 600 or by 100 per cent Prosecutions for cruelty to animals have increased by much more than this percentage the figure for 1936 being as high as 340

THE MYSORE PINJRAPOLE WITH RAO SAHEB MR. M RAMASWAMY
HONORARY SECRETARY



THE MYSORE PINJRAPOLE—THE ANIMALS ON THE GRAZING GROUND.

as against none in 1927 The number of animals sent for maintenance has increased from 13 in 1927 to well over 100

Though these figures are encouraging so far as they go the Committee are only too conscious of the many defects in their activities It was on realization of several of these that they undertook in December last a thorough overhaul of the establishment and the accounts and appointed, in lieu of a staff of a part-time clerk on Rs 15 a maistri on Rs 11 a servant on Rs 9 and three servants on Rs 8 a staff consisting of an overseer on Rs 25 a cowman on Rs 12 a bill collector on Rs 9 four servants on Rs 8 each and a woman servant on Rs 5

They are glad to say that these changes have already resulted in a great improvement in the condition of the cattle Meanwhile arrangements were made for fencing another large paddock and the whole system of cultivation of the enclosed land and purchase and supply of fodder was overhauled

In addition to this arrangements have been made to secure rights of grazing over a further 14 acres of land on payment of a sum of Rs 200 a year thus giving the Pinjrapole the whole of the grazing from the Chamappaji Urs Road on the east to the Chamundi Hill Road on the west

Meanwhile again a completely new set of books has been opened and much work has been done to get the accounts in order As this work has only just been completed the Honorary Auditor has found sundry errors to correct in his painstaking report for which the thanks of the Committee are due The report and the Committee s replies are attached as Appendix I

**Donations**

The Society have some most generous donations to put on record. In the first place the Society s grateful

thanks are due to Mr C J H Penning, Manager, Mysore Sugar Factory Mandya for a regular supply of molasses to the Pinjrapole The Society is beholden to the S S Jain Sangha Mysore for their kind gift of grass worth Rs 140 to the Pinjrapole through Messrs Jaitmull Doshi and M K Subrahmanyam to Mr Manickchand for grass given to Mr Moolchand for cotton seeds to Mr Mothumull Ratanchand for jola and to Mr M C Thammiah for his kind help in securing Rs 174 in the auction of young calves belonging to the Pinjrapole

**Rana Lakshman Sinhji's Gifts.**

The Committee is thankful to report that the question of accepting the 55 acres of land so generously made over to the Society by Rana Lakshman Sinhji in 1935 has at last been satisfactorily settled Thanks to the efforts of the Municipal President Mr M A Sreenivasan and His Highness the Maharaja s Assistant Secretary Mr M Rama Rao the land has now been divided into eight lots and leased for Rs 100 per annum on a ten year lease The Society is most grateful to Mr Sreenivasan and Mr Rama Rao for their kind help in the matter

As regards the bequest of Rs 1 000 which was given also by the Rana Saheb with the land the decision recorded in the report for 1936 was that of the Deputy Commissioner that the money should be transferred to the Comptroller to be deposited in the Charitable Endowment Fund and that the interest accruing thereon should be made over to the Society subject to certain conditions Unfortunately the order has been contested again and the matter is still before the courts

**Finance**

The Society record again their sincere thanks to His Highness the Maharaja for his gracious donation of

Rs 50 a month towards the expenditure of the Pinjra pole as well as for his donation of Rs 200 to the Animal Show also to His Highness the Yuvaraja for his donation of Rs 100 to the Animal Show The Bangalore Race Club decided in the course of the year to revise the grants to the S P K A s at Mysore and Bangalore and to give Rs 150 apiece to the two Societies The Society is most grateful to the Race Club for recognising the necessities of the two branches A sum of Rs 207–0–8 being the share of the Mysore Branch of the proceeds of the two benefit performances held for the benefit of the S P K A in Bangalore was credited to the Society The Society also received with much gratitude a sum of Rs 704 realized by the sale of tickets for the gallery at the Statue Square during 1937 The membership subscriptions amounted to Rs 612–4–0 and the Animal Show resulted in a profit of Rs 102 though a sum of Rs 100 being His Highness the Yuvaraja s donation was not credited to the account during the year as it was received only in 1938 The total income from all source amounted to Rs 3 088 and the total expenditure to Rs 2 74 ) The accounts of the year were closed with a sum of Rs 4 158 in hand including a sum of Rs 3 000 in fixed deposit

A copy of the accounts as audited by the Auditor is printed as Appendix II and a copy of the Budget for the year 1938 as Appendix III

A copy of the report of the Animal Show Sub Committee is printed as Appendix IV

## APPENDIX I

### AUDIT REPORT ON ACCOUNTS OF THE MYSORE S P K A FOR THE YEAR ENDED 31st DECEMBER 1937

1 (*a*) I wish to repeat my observation made last year about the great need for maintaining a receipt book with counterfoils In the absence of such a receipt book, it is not possible to verify the different items of income received and indicated in the statement enclosed herewith, except in regard to subscriptions received from members

(*b*) Particulars relating to demand collection and balance are not noted in the subscription register

2 The Mysore State Loan Bond is not available for inspection As observed in the report for last year interest thereon is not being brought into account

3 Donations from the Palace for the months of September October November and December 1937 are not brought into account for the year

4 A sum of Rs 64 6 2 remitted to Bank on the 17th and the 23rd December 1937 is not found in the Pass Book for December 1937

5 I wish to state that the commission charged by the Bank (Re 0 14 0 for 1936 Re 0 14 0 for 1937) is not brought into the account of the Society at the end of the year A sum of Rs 100 shown as bank remittance in the cash book for August 1937 is not found in the Pass Book till the end of December 1937 This amount appears to have been credited to the Parent S P K A Society in August These adjustments have to be made in the accounts for 1938

6 Articles of stock are to be verified once every year and the certificate of such verification must be inserted in the stock register

7 The closing cash balance as per cash book is Rs 7 12 1 while it is shown as Rs 19 2 0 in the enclosed statement This is due to the following errors —

(*a*) Omission of Rs 2 under subscriptions in November 1937

(*b*) Omission of As 8 under subscriptions for December 1937

(*c*) Excess payment under establishment in the cash book for December 1937, Rs 8 13 11 The acquittance roll gives a total of Rs 63 while the entry in the cash book is Rs 71 13 11 The opening balance on 1st January 1938 is to be rectified *viz* Rs 7 12 1 is to be altered into Rs 19 2 0

8 The amount deposited in the Krishnarajendra Co operative Society is shown in the cash book as Rs 14 8 2 The actual amount paid is Rs 15 12 0 To arrive at the sum of Rs 3 000 (F D in K R Society) the difference *viz* Rs 1 3 10 is treated as miscellaneous receipt The explanation furnished by the office indicates that the amount was paid by the clerk out of his private funds

9 In the case of a few vouchers obtained from the sellers of jola sticks mistakes in calculation are found (voucher 3 A in March 10 in March 2 in April) The office explanation is that such mistakes are due to the excess or deficiency noticed at the time of actual counting of bundles

(*a*) I would however suggest that the entry may be corrected subsequently and countersigned by the Honorary Secretary

(*b*) In making regular monthly purchases I would like to suggest the purchase of the Society s requirements through credit bills from recognised dealers payments being made once a month The other alternative is the introduction of purchase through the system of tenders

10 The entries for December 1937 are not found in the printed cash book They may be transferred from the rough cash sheet to the printed book as early as possible In making entries in the cash book on the payment side the particulars of the payments are not being entered

B R Subba Rao
*Govt Certified Auditor*

*11th March 1938*

## ANSWERS TO THE OBJECTIONS RAISED BY THE AUDITOR ON THE AUDIT OF ACCOUNTS OF THE MYSORE S P K A FOR THE YEAR 1937

1 In future the overseer will be instructed to maintain a series of receipt books with counterfoils in cases in which sums are received by the overseer himself or by members a receipt will be issued by the person who receives the money but the counterfoil will be shown at the first opportunity to the Honorary Secretary In all cases where it is reasonably possible the receipt will be signed by the Honorary Secretary himself

A brief statement of demand collection and balance will be noted at the foot of the monthly entries in the subscription register

2 The Mysore State Loan Bond was taken out several years ago in the name of the then Honorary Treasurer the late Lokahithaishi Mr H. Nanjundaraj Urs and it has since been found that the bond in question was deposited for safe custody with the Bank of Mysore Ltd Steps are being taken to get the bond transferred to the name of the present Honorary Treasurer and to collect the arrears of interest

3 Bills will be sent to the Huzur Secretary for the amount due and in future they will be sent every month

4 Challans are available evidencing the remittance and the Bank will be asked to explain why the amount has not been brought to credit

5 The Bank commission will now be taken into account

The Rs 100 should not have been remitted to the Parent Society at all The Honorary Secretary of the Parent Society will be asked to repay it to the Mysore Branch

6 Stock taking will be put in hand at once

7 Necessary adjustment will be made the shortage being recovered from the clerk responsible

8 The amount paid by the clerk out of his private funds will be repaid to him The Honorary Secretary will be asked to place the fixed deposit receipts in the Mysore Bank for safe custody

9 The errors pointed out will be corrected over the signature of the Honorary Secretary

The suggestion that monthly purchases should be made through recognised dealers all payments being made once a month will be adopted so far as possible In cases in which the prices vary largely with the seasons the Honorary Secretary will retain his discretion of purchasing in the cheapest market if the recognised dealers are not prepared to give him the advantage of lower rates

10 Entries for December 1937 have now been entered in the printed cash book

## APPENDIX IV

### REPORT OF THE ANIMAL SHOW 1937

The Animal Show was held on the 5th July 1937 kind permission of the Mysore Football Association the Gordon Park Football Ground which in addition g spacious premises for the various items of programme also afforded facilities for the collection gate money

The show was divided as usual into two parts one the morning and the other in the evening The events included classes for sheep cows buffa poultry and dogs and closed with dog racing and ing

The class for sheep was a very small one but two were awarded by the judges One of these was by Mr M P Subrahmanyaraj Urs with a very fine lot of Merino half breds

There was a very large and good entry for the best milch cow with calf The prize went to Mr A D Ramaraj Urs for a fine half bred cow His Highness the Maharaja s prize for the best milch cow with a calf property of a poor man or woman was awarded to Mr Madaiya for a good specimen of the Hallikar breed The prize for the best milch buffalo with calf went to Mr A R Visvanath Raj Urs

In poultry there was much greater variety in the entries than in the prizes offered everything from a paddy bird to a turkey being shown in the class for a cock and two hens Prizes were awarded to Mr R S Srikantaraj Urs and Mahomed Hayath A special prize for turkeys was given to Dr Ratnamma Isaac

The dog classes again were very big ones The prize for the be t dog in the show went to a very fine collie owned by Mr H L Devaraj Urs The prizes for the best shikar dogs were won by Chikkanna and Hon nasettaiya both of Kyatamanahalli village

The dog races conducted by Mr Botha Van Ingen provided much amusement The winners were Arokia swamy Kempwari Honnasettaiya and Chickmada the last three being from Kyathamanahalli

The dog jumping produced even greater amusement a height of no less than 5½ feet being cleared by Mr Van Ingen s Raven Mr Bowring s Tim and Mrs McGann s Patricia Another very good performance was put up by M Babamia s Raja to which a special prize was awarded

The judging for the cattle was done by the Rev G W Sawday Brigadier Hill Mr Subrahmanya Iyer and Captain Vesey and that for dogs was done by Mr Harloe Irwin Brigadier Hill Mr Manickraj Mr Bowring and Lieut Colonel H de N Lucas

The events of the afternoon began with a parade of 12 or more rubber tyred bullock carts arranged for the purpose of demonstrating to the rural population the ease with which these are run The next event was a show for the best pair of municipal bulls followed by one for the best single bullock cart with bullock The prizes for the former were taken by Thimma and Hanu mantha and the latter by Abdul Kareem and Baba Jan The judging for these events was done by Mr Penning Mr Langford Mr Ramaia Urs and Mr Manickraj

Immediately after this the judging of tonga turn outs and tonga ponies was conducted by Messrs Mool chand Seth and Ratanchand Seth and Captain G Vesey There was a poor entry for the tongas and tonga ponies only seven competing The donkey race produced as usual much amusement The tonga pony race was run as a handicap and was won by Guyboo Sab Two heats were run of the event of penning the donkey and were won by Devaiya and Siddayya The judges for these events were Lt Colonel Gopala Rao Colonel Krishna Urs and Mr Rollo

Following this Miss Fraser of Ootacamund gave, with the aid of her dog Mooveen (Vixen) a most inter-

esting demonstration of the possibility of training dogs The first event staged was an attack by a bandit who robbed her of her bag and left her tied on the ground and after running away took refuge on one of the goal posts Vixen which had been shut up in a tent was then released and first freed her mistress and then traced the bandit and brought him back in custody Further demonstrations included protection of the wner s property and jumping and sitting still at the word of command The last event was jumping and fetching a ball with a monkey riding on the dog s back

The closing event was a musical ride by His Highness the Maharaja s Body Guard The magnificent horses their wonderful turn out and the splendid display of horsemanship given were objects of general admiration

The function closed with the distribution of prizes by Lady Todhunter

The Committee desire to express their most grateful thanks to the authorities of the Mysore Football Association for the kind permission for use of their ground for holding the Show to the President and Members of the City Municipal Council for having so kindly arranged for the entries and for having entered o many of their own carts and bullocks as well as for the most generous contribution of Rhodes grass which was distributed to all the animals that were brought into the premises to the many ladies and gentlemen who presented prizes and to the many others who acted as judges and to Artist Subrahmanya Raju of the Chamarajendra Technical Institute for some very attractive posters and more than all to His Highness the Maharaja for his most generous donation towards the funds of the Show and for his gracious permission for the members of the Body Guard to do the musical ride
